Hat" in Black and Colored Felt.

HINCH & CO.

NAPANEE.

Canada Life Assurance Co.,

ESTABLISHED 1847.

HEAD OFFICE, HAMILTON, ONT.

Capital and Funds nearly \$10,000,000. Annual Income
nearly \$1,800,000.

Managing Director, A. G. RAMSAY.

Secretary, R. HILLS. Superintendent, ALEX. RAMSAY.
SOMETHING ABOUT PROFITS.

EXAMPLE I.

1850. Here is another, taken out five years
later, viz: 1855.

Policy 499—\$2,000. Premium, \$78.67.

1885.

Yearly Cash Profits, \$187.97.

Deduct Yearly Premium, 78.67.

Net Yearly Payment to Policyholder, \$109.30.

In 1850, a gentleman living not 100 miles
from Montreal, took out this Policy on the
ordinary life plan, applying his profits to
the permanent reduction of his premiums.
The profits had gradually reduced the
annual premium until it had
diminished in 1875 to \$13.87.

In 1880—payment of Premiums had
altogether ceased.

Not only this, but he was thenceforward
in receipt of an annual income from the
profits of \$35.90.

In 1885 this income was increased to
\$109.30 per annum (as above), and in 1890
this will be again largely increased, the in-
come growing at every division of profits
until the Policy becomes a claim.

MEMO.—In the cases above quoted, as in all others where the profits are taken
in this way, the profits at each division are added to those previously declared
and are paid annually to the holder, until the Policy becomes a claim.

Applications made now will be entitled to two year's Profits
in the Division of Profits in April 1890.

THE RATHBUN COMPANY, AGENTS AT DESERONTO.

DEDICATORY SERVICES.

OPENING OF THE NEW METHODIST CHURCH.

Sunday, Sept. 2d, 1888, must always be
a day much to be remembered by the mem-
bers of the Methodist congregation of De-
seronto. On that day their handsome new
church was solemnly dedicated to the wor-
ship of God by Rev. A. Carman, D.D., one
of the Superintendents of the Methodist
Church of Canada, with services impressive
and appropriate to the occasion. The old
church had for the past two years been
insufficient in every respect for the needs of
the congregation and steps were accordingly
taken last spring to erect a new church.
Rev. A. Campbell and his congregation
which now numbers about 250 families have
accomplished their task with becoming
spirit and commendable energy. The result
is in the handsome and commodious edifice
in which they will in future worship
in comfort and with a credit to the
Methodist denomination and an ornament
to Deseronto.

Sunday was a fine autumnal day. The
church was packed in every aisle and
corner until probably a thousand persons
were present for the evening service which
commenced at seven o'clock. The choir
having rendered the anthem, "I was glad
when they said unto me, Let us go into the
house of the Lord" all the congregation then
united in singing Hymn 110, "Praised be
a God of dark despair," after which Rev.
Dr. Carman engaged in prayer. Rev. W.
W. Andrews then read the Scripture
Lesson St. Mark, chap. 10, commencing at
the 10th verse. Hymn 157 "Not all the
blood of beasts" was then sung, and Rev. A.
B. Chambers, L. L. B., of Napane, the
preacher of the evening announced his text
Romans 8th chapter, 32 verse, "He that
spared not his own Son, but delivered him
up for us, how shall he not with him also
freely give us all things?" In this
passage the learned preacher gave a sermon,
thoughtful and earnest, and delivered in a
manner, eloquent and impressive. The
preacher's arguments as he enforced the
great lesson of God's wonderful love shown
by the gift of his only Son could not but
be a source of comfort and satisfaction to
all hearts. By apt illustrations from nature he showed
the universality of law in that domain and
his hearers felt that it was reasonable to suppose
that man should also be subject to the law
by the laws of the Divine Lawgiver. Man
had transgressed the laws of God, and order,
justice and peace had been destroyed. God
the Father spared not his own Son—his only
Son—until all three were alike satisfied.
God having given his Son in this manner,
the inference deducible from the text was
that he would also give us all things and
that freely. The sermon was an admirable
exposition of the text. At the conclusion
of the service the collection was taken and
\$115 contributed. The trustees of the
church having assembled on the platform
before the service commenced a new festi-
val by the Book of Discipline dedicated the new
building to the worship of Almighty God.
Hymn 118 "All hail the power of Jesus
name" was then sung with great fervor and
the vast audience was dismissed with the
benediction.

THE EDIFICE.

The plan of the new edifice was designed
by the late Mr. J. B. Carruthers. This
plan entailed the demolition of the greater part
of the old church, the tower and portions
of the old walls only being retained.
Sited at the corner of Thomas and
Fourth streets, with main entrances from
the latter street, the church occupies a very
convenient location, the parsonage being in
the rear facing the main body of the church.
The building is rectangular in shape, built of
brick, and is 104 1/2 ft. with tower and spire
33 ft. in height. The main body has been
well thought-out and presents a very neat,
finished and attractive appearance. There
are two large doors opening from Fourth
street, and an entrance on Thomas street.
It is found to have been introduced, the pulpit
platform is near the door and the worshipers
sit facing the entrance. The floor is
the red tile surface, and the main body is
straight facing the platform, those at the
sides being angular. A spacious gallery
runs around three sides of the platform.
There is no doubt a new festi-
val for 800 worshippers. The pews, etc.,
are stained a rich red color. The platform
is in the rear of the main body, and the
pulpit is a fine piece of work, with a
rich field of light into all parts of the
sacred edifice. There is an air of comfort
in all the surroundings and few congenial
circumstances. The church is indeed a credit
to the congregation and to the great Methodist
Church in Canada. The cost of the work
may be traced at \$4,500.

CONTRACTORS.

The contract of building the church was
let to Mr. George Clement, of Deseronto, by
whom the work has been faithfully carried
out to completion. The carpentry was per-
formed by Mr. Clement and his brothers.
Mr. J. B. Booth, builder, of Deseronto, did
the mason work, the brick and terra cotta
material was supplied by Mr. Wallace of
Deseronto Terra Cotta Works. Mr. Wallace
of Napane did the plastering and Man-
sfield, of Deseronto, did the painting.
The plumbing and gas fitting were
done under the supervision of Mr. W. D.
McKee, of the Deseronto Terra Cotta Works.
The work was done under the supervision of
the Board of Trustees who themselves con-
stituted the building committee.

CONGREGATIONAL SERVICES.

Rev. A. Campbell, Pastor.
Quarterly Board—W. R. Aylsworth,
Recording Steward; Allan Oliver; A. A.
Richardson; G. E. Sear; John L. Ferguson;
Robt. Walker; Hampton Miller.

Morden; A. A. Richardson; Miles Stover;
John L. Ferguson; John L. Ferguson.
Trustees—W. R. Aylsworth; K. D.
Vanderhook; D. D. Leane; John L. Ferguson;
A. A. Richardson; W. R. Aylsworth; W. B. Wick;
J. L. Ferguson.
Organist, Miss Martha Walker.
Sabbath School—A. A. Richardson,
Superintendent; John L. Ferguson, Deputy

Superintendent; G. E. Sear, Secretary;
Miss Celia Warrman, Treasurer; Richard
Vanastine, Librarian; Miss Lena Walker,
Organist.

THE TRAM MEETING.

The ladies of the congregation held a tea-
meeting on Tuesday evening in the church
in connection with the dedicatory services.
There was a very large attendance on the
occasion. Tea was served from six to eight
o'clock, and tempting and profuse was the
supply of delicacies which the ladies had
provided. No one was allowed to go empty
away on Tuesday evening. Vast as was
the cost of the supply of delicacies had out
against all attacks and enemy was left over
to satisfy an army of children at an im-
promptu social held for their benefit on
Wednesday afternoon. After tea Rev. Mr.
Campbell called the meeting to order and
Eq. Reeve of Napane, W. R. Aylsworth,
E. W. R. Aylsworth, and W. B. Wick, Esq.,
chair, and with the assistance of the pastor
performed the duties with all his old time
vigour and acceptance. He stated that the
object of the meeting was threefold: (1) to
inspire; (2) to intellectual benefit; and (3)
to inspire. After a brief narration of
the inception, presentation, and consumma-
tion of the work of building the church he
gave a financial statement. From this
it appeared that the church had a small debt due
the old church property, the total obligations
of the congregation amounted to \$5,000.
The church had been collected during the
year; \$400 had been collected during the
summer, and \$300 had been collected on
Sunday, leaving \$2,000 still to be met.
The pastor then delivered an address on the
subject, which consisted in a spirit of Christian
liberty and rich in practical suggestions,
was attentively listened to by the large
audience. The pastor then gave a list of
the names of the donors, and the list was
read as a speaker and his words on this
occasion cannot but be productive of lasting
good in this community. The chairman
then called for the collection for the building
fund. Mr. Rathbun stated that he would
present a subscription of \$500 from the
church, and the collection for the building
fund was a similar amount. The chair-
man then called for the collection for the
church, and the collection was \$104; cash offered
during the evening \$48. This with the
\$1,500, thus far received, leaving only the small
sum of \$500 to be still provided, and this amount
will not doubt be secured during the course
of the year. Rev. J. N. Baker of Napane
then addressed the meeting briefly and
effectively. As the hour was growing
late, the Rev. E. J. Craig, of Deseronto,
read the prayer, and the meeting was closed
with the benediction. The collection
during the evening contributed to the pleasure
of the occasion by rendering several
selections.

THE PROVINCIAL FAIR AT KINGSTON.

The electric light system was introduced
on Monday.

The telegraph office will be located at
either end of the palace.

Capt. Craig says he will have the water
piped into the city.

The stock entries so far have been cattle,
300; sheep, 225; poultry, 225; pigs, 125;
sheep, 250.

There is not now sufficient accommodation
for the cattle at the fair. Additional build-
ings will be erected this week. So far
there are over 530 entries of the finest
stock in the province. The fair is held at
Horns, polled Angus, Herefords and Ayre-
shires.

Orders have been given for the medals for
the cattle, sheep, and poultry. The provincial
prizes will be awarded on Wednesday, when
the (adult) horses are examined, and the
other stock associations' prizes will be
given, thus giving two appearances, under
different names.

Lord Stanley, of Preston, and suite, will
be the guests of the fair. The provincial
prizes will be awarded on Wednesday, when
the (adult) horses are examined, and the
other stock associations' prizes will be
given, thus giving two appearances, under
different names.

SUITS made to order a Specialty. A perfect fit always guaranteed.

Give us a call.

SMITH'S BLOCK, MAIN STREET, DESERONTO.

THE DESERONTO NEWS COY

OUR JOBBING DEPARTMENT
Is replete with an abundant supply of new type and printing materials. We are first class in a position to execute Fine Job printing in all its branches in first class style and at rates to suit the times. Send or call and get prices. Orders by mail will receive our prompt and careful attention.

The Tribune.

FRIDAY, SEPTEMBER 7, 1888.

LOCAL NOTICES.

We are now opening out new fall goods which will be found well worthy of inspection. Extra value can be had in back chambers. Kerr & Wins.

Great slaughter of remnants of all kinds and lengths at the Big Store during the balance of this month.
The most fashionable thing this fall for children's head wear are the Jockey Caps. The Big Store have received another lot of them in Cardinal and fancy blue.
Tay Hamilton's 30th. Japanese. Nothing to be compared to it in Deseronto.

The Big Store is showing the largest and best assorted stock of Corsets to be found in the country. The celebrated "Fatts" are the favorite. Ladies try them and you will never wear any other.

For fancy goods, call at the Misses Evans, St. George street.

Kerr & Wins have received their new importations and the ladies of Deseronto are happy. Such fine dress goods and such moderate prices are something new in Deseronto. In Gents' furnishings they brook no rivals in the bay district.

The Big Store is the place where you will make a dollar go the farthest. "No trouble to show goods."

New tourist hats at Mrs. Dalton's. Ladies who intend visiting the various exhibitions this fall should go without one of these fashionable hats.

Mr. M. C. Hamilton, of McCullough's Block, is showing a large stock of suitings and panting, and a nice lot of needle cloths. His stock of boots and shoes cannot be excelled in town.

Mr. John Dalton proposes to make special prices for different lots of his goods for certain specified periods of the year. He now offers couches and mattresses at reduced prices for the next thirty days only. Now is the time for bargain. Support home manufacture by buying at Dalton's.

Just opened up a fine range of ready-made clothing at the Big Store. Gentlemen who will find it to your interest to purchase your clothing here as our prices are lower than any other house in town and the goods all fresh and styles the latest.

Tweed's, Tweed suits made to order and a perfect fit guaranteed. Kerr & Wins.

LOCAL ITEMS.

Yesterday was New Year's Day with the Jewish race.
"I LIKE the swing of Deseronto," said Dr. Carman last Sunday afternoon.

The Canadian Club of New York, ashamed of its name, is now known as St. James Club.

The corporation scavenger should clean up the market square every week in the interest of good health.

Mr. A. Smith has workmen busy this week making sundry improvements on his block, east Main street.

The highest latitude in Ontario is in the county of Peel which has a percentage of 30; the lowest is Lennox & Addington, 12.

WILLIAM O'CONNOR has had two black-fanned pigeons stolen and offers a reward for information that will lead to their discovery.

A bird recently captured by Miss Kate Maracle, Researcher of Ontario, and the other day by hanging itself in the wires of its cage.

The appearance of Deseronto would be vastly improved by cutting down all the weeds which are growing so luxuriantly on back streets.

The Rathbun Bros. of Southampton, having received a ferry license from the Southampton council will commence running their new boat next Monday.

Mr. & Mrs. W. C. B. Rathbun, and Mr. Frank Blakie, of Bay View Ranch, left yesterday for Toronto where they spend a week before proceeding to California where they will spend the coming winter.

The boiler shop manager sent in a requisition last week for a thirteen inch boy to go into a fifteen inch hole in a boiler. Mr. Dever found one of the required dimensions among his lath machine hands.

It is said that two or three fine shops will be built on Main street next summer.

Miss SOULES took charge of her department last Monday morning.

Mr. COOLEY, of Oswego, has been spending a few days in Deseronto.

Mr. P. Dwyer will be in charge of Bay View Ranch during Mr. Rathbun's absence.

Cake, peaches and cream and a feast of music, all for 25 cents next Tuesday evening.

Mrs. Dalton's staff have all returned home from their holidays and are now busy filing millinery orders.

The children's social on Wednesday evening realized \$8.00 for the building fund of the Methodist Church.

Work on the new church and other improvements on St. Mark's Church, is progressing very rapidly.

Wm. Scott, of the Terra Cotta Works, had the top of one finger cut off, necessitating repairs by Dr. Newton.

A little blaze at the Machine Shop yesterday afternoon brought out the fire brigade and gave people a momentary scare.

The new shipyard will be a two storied structure with a room for an upholstering department for the Deseronto Car Works.

A Napanee town councillor was arrested by Constable Johnston for anti-socializing in Hastings without a license. He settled the case out of court.

Rev. A. P. DYER, M. A., President of Albert College, Belleville, will preach on Sabbath next both morning and evening in the Methodist Church, Deseronto.

An extension of one hundred feet will be added to the great trestle dock. In a few years it will reach the Fredericksburg shore, thus solving one of the bridge problems.

DR. ARCHIE WALKER, formerly of the United States Army, has been called to Kingston, Ontario, where he does not agree with his wife and return and settle near Rochester, N. Y.

THERE was no service in the Presbyterian church last Sunday evening the pastor being desirous that his congregation should join in the service the opening of the new Methodist church.

A tramp watchmaker struck town not long since and departed with three or four watches for which the former owners, who were silly enough to entrust them to him, are now awaiting in vain.

REV. JAMES CUMBERLAND, of Stolla, was in town this week collecting for the McDowell Memorial Church in Fredericksburg. He expressed himself well pleased with the result of his efforts in Deseronto.

The great cricket match between the Town and Rathbun Company teams will likely take place next Friday afternoon. It will be remembered that in the match last year the Rathbun Company team met with a hollow defeat. The town are perfectly satisfied that they can repeat the feat this season.

Mr. Edward Caddell desires through the columns of THE TRIBUNE to thank the people of Deseronto, for the numerous acts of kindness and sympathy extended to him, through a competitor's stranger, on the occasion of the end and bereavement which he sustained this week by the death of his beloved wife.

Those three crack shots of Deseronto, M. Woodcock, M. Dunn, and John Stuart, started off early on Saturday morning for a week's duck shooting at Hay Bay. They are reported to have almost cleaned out the birds in that district, and yet editor expects to feast for the next week or two on at least a brace a day. The sportsman will receive the blessing which attaches to those who have given to the poor.

THERE are a good many things that can't be done—for instance, the following:
You can't weigh grams with a grammer.
Nor sugar cure hams with a hammer.
Do suits with a summer.
Steal gum with a donkey.
Nor shear an old ram with a rammer.

Police Court.
Three young lads, Thomas Dibble, Ernest Prickett and Thomas Eglon appeared before Judge Thompson on Tuesday charged by J. Page, Thomas' father, with throwing a stone through his window which came within an inch of striking the baby in the cradle. On hearing the evidence the judge, who missed the whole case as there was nothing to show that the three boys had anything to do with the matter.

Excursion to the Presidential Fair.
The Hero carries cheap excursions to the fair at Kingston next week. She leaves Belleville on Monday, Tuesday & Friday on regular times calling at all way ports. On Wednesday the Hero's place is taken by the Hero's place on Wednesday and Thursday. The Hero's place has been chartered to take the Hero's place from Pictou and lower ports. Fare from Belleville, Deseronto, etc. 75 cts. Good to return any day of the week.

Thompson's Receipt.
Rural Health Excursion on the star, Quinte takes place next Monday evening to Pictou. A great crowd will attend and a pleasant trip will be enjoyed. Buy your ticket in advance.

A Second Crop.
Mr. James S. Brown, Boundary Road, has quite a large second crop of strawberries growing in his garden, north of the Slab road. This is something very unusual. Some specimens of this fruit have been placed on our desk and they are indeed fine samples.

A Great Fish.
Gen. Davies, of the United States Army, has had the luck to catch a large fish on Friday, being rowed rapidly towards his quarters on Big Island to escape a rainstorm which had set in, struck and captured the giant fish.

Special Meeting.
A special meeting of the Salvation Army will be held in the White Church next Wednesday evening 12th inst. In addition to Capt. Taylor and Lieut. H. Phillips, Capt. Mutton, of Stirling, Capt. Oakes, of Bloomfield, and other visiting officers will deliver stirring addresses and a grand, happy and profitable time is assured.

Dear Dead.
Owing to a shortage in the crops in the United States and several European countries, the price of wheat has advanced of late and every day finds it taking a jump. Flour is now from 40 to 50 cts. higher than it was a month or two ago. We must be prepared to pay a higher price for bread this winter to judge from present appearances.

Poison.
Charles Xeo, who lives on the Napanee road, was eating some cracked corn and then very bitter he spat out the mouthful on the floor. His dog ate it, and the animal died a few hours afterwards while on its way to Deseronto with Mr. Xeo's son. Mr. Xeo himself was seized with spasms in the field, but recovered. He thinks that some poison, tried to poison him. He has his suspicion fixed on two persons.

Backlog of The Tribune.
Dr. Carman supports THE TRIBUNE's views on education. He is a keen observer of men and boys and things in general. He has directed in Deseronto there was a temptation for boys to go to work too early and for parents to allow them to do so, instead of having them secure a good education as possible. He pointed out most distinctly the fatal effects of such action and urged all to give their sons a chance by sending them to school as long as possible. His words should be solemnly pondered.

Inspecting The New Ferry Boat.
On Monday afternoon several leading gentlemen of Southampton, including Dr. Moore, Reeve of the township, Mr. J. D. Gilbert, Dep-Reeve, A. Sprague and the residents with Mr. Xeo's son, Mr. Xeo, A. Vandusen and R. Brooks were in town inspecting the new ferry boat Alberta previous to giving her the Rathbun Brothers, who will be in charge of the so called Peterson ferry route. They were much pleased with the substantial character and large carrying capacity of the boat.

Peach Festival.
A peach festival and musical entertainment under the auspices of the Board of Managers of the Presbyterian congregation will be held in the White Church on Tuesday evening, 11th inst. In addition to a treat of delicious peaches, there will be rendered selections of vocal and instrumental music by several talented musicians. Addresses eloquent and inspiring will be delivered by several gentlemen. A good time is positively guaranteed and all can be enjoyed for the small sum of 25 cts. The proceedings will commence at 7:30 p.m. The promoters request a liberal patronage on this occasion.

Harvest Grand Time.
Our thanks are due to Mr. R. Rayburn for copies of late Winnipeg papers. We observe that he and the other members of his party are having a grand time in the Northwest. At Portella Prairie, for example, they were met by a brass band and leading citizens and conducted to where a mansion of hay of wheat, barley, etc. were arranged in long solid rows. The greatest treat of all was the two steam threshing machines at work on Mr. Blake's farm thrashing out wheat at an astonishing rate. The machines were surrounded by admiring crowds. Great receptions were accorded the visitors at other points.

The Lake on the Mountain.
The Geological survey, returned from making a survey of the Lake on the Mountain, says it is a most interesting natural formation. It stands within a stone's throw of the Queen's Hotel and is 150 feet above the level. The lake is a little less than about three quarters of a mile in length, and about 35 feet, reaching to 92 feet in high water. The basin of the lake is limestone, and although there are numerous fissures and springs feeding the lake, there is no visible outlet, save where the overflow leads Mr. Wilson's turbine factory. There are numerous salts and sulphur springs. Another place of interest is the cave in the mountain which rises beyond the lake. The cave consists of a passage 32 feet long, and high enough to walk through comfortably. At the end of the passage one reaches an immense chamber, divided naturally into three compartments.

Deseronto Market.
The market continues to attract increasingly large numbers of farmers from all sections. On Tuesday of this week the market is said to have been the largest ever held in Deseronto. Farmers have a great amount of stock to dispose of, and the streets being both crowded with teams. The farmers admit that this is the best cash market in this part of the district, good prices being obtained. The grocers have a great amount of business under the present state of things they cannot obtain produce sufficient for their customers. Farmers come in earlier hour than formerly to town, arriving at 7 o'clock, and by 9 a.m. the market is practically over, everything being sold out. As grocers cannot buy until 10 o'clock they are thus debarred from the privileges of the market, and as many workmen cannot pay cash but depend on the grocers until Friday, the latter find it difficult to get country produce sufficient to satisfy their customers. The market is worse of speculation, and is a remedy likely to be effected by opening the market to grocers at 9 a.m., during the summer and all months. A ferry to Fredericksburg will be run by the grocers by bringing in another tide of farmers, but that matter rests with the grocers and business men. The only real cure is a bridge to Southampton but that cannot be situated until the present local politicians and business men are killed off.

Encouraging.
The Rev. Stanton paid a visit to Southampton last week on matters of church interest. He met with much encouragement, the congregation of Trinity Church being desirous to meet all requirements to ensure regular services.

Quinte Excursion.
The Quinte carried an excursion from Belleville on Wednesday. To-day she carries an excursion from Napanee to Belleville and Trenton, and on Saturday, 8th inst., she carries an excursion from Belleville to Napanee. Tickets, 25 cts.

Car Works.
The Deseronto Car Works are now turning out the box-cars for the C. P. R. They finished the number ordered by the Company and have commenced work on a Railway for the Manitoba and North Western Railway. These works give employment to a large number of men.

The Queen of the Lakes.
Mr. Thos. Taylor, Inspector for the Western Assurance Company, was in town recently and inspected the Queen of the Lakes now being rebuilt in the Deseronto shipyard. He expressed the opinion that she would be a better vessel than she ever was in the past.

Failed.
James Macdonald and Henry Robinson, two pilots on the Belleville mill, made a murderous attack on gaoler Appleby with a view to escape. Mr. Appleby with a well directed kick disabled Macdonald and Robinson lost courage. The men were locked in the black hole, and a charge of murderous assault will be laid against them.

Quick Despatch.
The Yacht department appear to be desirous to have all the ship chaps in Deseronto before President Cleveland fulminates a non-intercourse message. On Friday, they lost the Reliance with 4,400 ties and the Puritan with 145 cords of posts, commencing at 6 a.m. and finishing at 3 p.m. They then knocked off work, and commencing in the morning at 7 o'clock, they hauled the Reliance with 8,335 ties and 10,243 cts. of lumber.

Maecenia.
Mr. Malchew, who appeared in his native costume, addressed a very interesting meeting in the White Church last Friday evening. The few present were much edified by the interesting account he gave of the customs, manners and social life of the people of Macedonia. The old cry "Come over and help us" did not meet with a response among the Christians of Deseronto. They were conspicuous by their absence on this occasion.

Beautiful Situation.
Dr. Carman addressing the Sabbath School last Sunday afternoon said that he liked the situation of Deseronto (the name sounded like Toronto) as it stood on the bay facing in one direction up the bay to Belleville, down the reach to Pictou, up the river to Napanee, and without a blushing, "How do you do, Miss Belleville?" "How do you do, Miss Pictou?" "We are as good as you. You may have good Sunday Schools but we have as good here."

Death of an old Resident.
Thomas Bowca, of Richmond, one of the oldest and best known residents of this district, died on Wednesday morning at the advanced age of 89 years. He has lived in this vicinity all his life having died within fifty yards of the mill at W. F. Bowen's home. His father was a U. E. Loyalist having been carried as a child from the United States by the grandfather of the deceased. The members of the Board of Managers are the only surviving sons of the deceased. The funeral took place yesterday, the remains being interred in the family plot at the Hudson Cemetery.

The Last Tribute.
The funeral of the late Mrs. F. H. Sims took place last Saturday afternoon and was attended by a large concourse of sympathizing friends. The services were held in the church and were conducted by Rev. J. C. Craig, pastor of the Church of the Redeemer. The members of Quinte Lodge, No. 215, A. O. U. W., of which Mr. Sims is a member, were present in a body and preceded the casket in the procession to the cemetery. The Rathbun Company cash and door factory was closed down all afternoon as the men were desirous of attending the funeral, as a mark of respect for the deceased lady and sympathy for a fellow workman.

A Very Satisfactory Test.
Some interesting tests of the strength of terra cotta material manufactured at the Deseronto Terra Cotta Works were made at the annual meeting of the Board of Distinguished architects of that city and Buffalo. An arch, for instance, measuring four feet in length and nine inches in thickness, was tested to a pressure on one foot of its surface of 4,545 pounds, bearing the strain without any indications of fracture. The architect expressed himself as perfectly satisfied with this test, as they would have been contented had it showed a capacity to sustain half that pressure. Much interest was manifested in this new fire-proof material which is fast coming into general use. Mr. R. C. Carter, representing the Rathbun Company, and Mr. E. Walter Rathbun, of the Terra Cotta Works, were present while the tests were being made by the experts.

PERSONAL.

Mrs. Filson has been seriously ill this week.
Miss O'Connor is visiting friends in Camden, N. J.

Miss Maile Pile is visiting friends in Napanee.
Mr. P. O'Connor was in Kingston on Wednesday.

Miss Anne Christie, of Pictou, spent a few days in Deseronto last week.
The Reeve has been in Tanworth this week on business matters.

Miss Lake, of Pictou, is the guest of Miss Campbell, of the Parsons.
Miss Johnson, of Buffalo, is visiting at Mr. C. Maracle's on the Reserve.

Mrs. E. Wager, of Napanee was visiting at Mr. Wm. Huff's last Friday.
Mr. David Tait, of Pictou, was in town last Friday renewing old associations.

Mr. Fred Featherstone, left on Tuesday to take the steamer at Quebec for England.
Mrs. Chas. Bond, of Osgo, has been visiting at Mr. E. W. Rathbun's this week.

Mrs. J. C. Cole, of Watertown, N. Y., has been visiting at Mr. Wm. Huff's Thomas street.
Mrs. J. J. Kerr has, we regret to learn, been very seriously ill for the past few weeks.

C. A. Crawford, of Campbellford, is the latest addition to the staff of the Central Office.
Mr. J. C. Sills and wife, of Rochester, N. Y., are guests of Mr. John Esker, Fourth street.

Mrs. E. W. Rathbun and Miss Rathbun have been spending a few days in Toronto this week.
Mr. M. Evans, Supt. of the Shipyard, spent Tuesday in Ottawa on matters of business.

Mrs. Carr and family, of Cobourg, is visiting her brother, Mr. Thomas Moyne, Thomas street.
Mrs. J. L. Blakie and Miss Blakie, of Toronto, have been spending the week at Bay View Ranch.

Master Frank Dryden has returned to Belleville to resume his studies at the high school in that city.
Mr. Stephen Smith, of New-York, has arrived in town and has entered on duty in the Deseronto Car Works.

Mrs. Maggie Stokes, of Kingston, N. Y., who had been spending a few weeks in Deseronto, has returned home.
Mr. J. F. Stokes attended the great cricket match between the gentlemen of Ireland and the United States of America, which was played on Thursday of last week in connection with the settlement of his father's estate.

Mrs. Gertrude Davis returned to Toronto on Tuesday to resume her studies at the Conservatory of Music in that city.
Mrs. H. B. Rathbun and family returned home last week from Wellington where they had been spending the summer.

Mrs. Whitely, of Ulica, N. Y., and Mrs. Hinchey, of Toronto, were the guests of Mrs. H. B. Rathbun, St. Thomas street.
Miss Lund and Miss Sharp, of Oswego, have been visiting Deseronto as the guests of Mrs. E. R. Chapman, St. George street.

Miss Mary Stokes and Miss Annie Dubois, who have been visiting at Mr. James Stokes' home, have returned home to New Fair, N. Y.
Miss Maggie Stuart, who has been visiting in Oswego during the past year, returned home by the Resolute on Wednesday morning.

Mrs. A. O. Rose, of Niagara Falls, Ont., and Mrs. R. A. Campbell, of Suspension Bridge, N. Y., are the guests of G. W. Wright, Mill street.

Mr. Wm. Leanderth, Superintendent of the Deseronto Terra Cotta Works, has been in Toronto this week on business connected with his department.

Mr. & Mrs. E. W. Hillman, left on Wednesday to take the steamer Parian for England. Mrs. Hillman's ill health necessitating a return to their native land.

A CARD.

To each and all of the many friends who attended the funeral of my dear wife on Saturday last, I would gratefully acknowledge their heartfelt sympathy, as expressed on that occasion, assuring them that their kindness will always be held in lasting remembrance.
F. H. SIMS.

Sept. 7th 1888.

BAND CONCERT PROGRAMME.

The following is the programme of the band concert this evening:
1. The March of the Band. W. H. Thomas.
2. The Band. Geo. Southwell.
3. The Band. W. H. Thomas.
4. The Band. W. H. Thomas.
5. The Band. W. H. Thomas.
6. The Band. W. H. Thomas.
7. The Band. W. H. Thomas.
8. The Band. W. H. Thomas.

The unhappy village of Smith's Falls is the scene of a frequent domestic brood on account of a recent article entitled "He hangs on the gate" which appeared in a local paper.

Clothing, Clothing

ROBINSON & CO.

(Successors to Downey & Co.)

THE LEADERS.

Fine ordered Clothing.

JAMES WALTERS, CUTTER.

Ready-made Clothing.

Men's Clothing.

Youth's Clothing.

Boy's Clothing.

Despite the hard times and short crops we are making preparations for a large trade in our Clothing Department. We are encouraged by the fact that so far this season our trade in this department is very much in excess of last year. The reasons for the increase are very plain. Mr. Walters is a first class artist, and he is to-day giving better satisfaction and doing better work than ever before. Does anyone doubt his ability to give them a perfect fit? Let them apply to us and we will furnish them sufficient proof, not only of his ability but of his superiority to other artists. Does anyone doubt our ability to suit them in pattern, in quality, in style and in price? Let them take a look through our stock and they will soon be convinced. We have everything from an all-wool Tweed as low as \$12 per suit, up to the finest West of England Broad Cloth.

READY-MADE CLOTHING.

Our Ready-made Clothing Department this season comes in for an extra amount of attention. Our stock is larger than ever before. Our qualities are the best that can be obtained and our prices are the lowest.

BOYS' CLOTHING.

We recognise the want of handsome, cheap and durable clothing for the boys. To supply the want we have a mammoth stock of Boys' Clothing for the fall and winter. A special feature in those suits is the fact that they have patches attached. Mothers will readily see the importance of those patches. They will add at least one-third to the time the suits can be worn and look respectable. You cannot fail to find the right thing in pattern, and the right thing in quality and the right thing in price. They range in price from \$2 up.

TRY US FOR CLOTHING.

Early Fall Goods arriving daily. Dress Goods, Fancy Goods, Staples, Gents' Furnishings, Carpets and Millinery Goods.
See our new Tourist Hats for Indies.

The Tribune
FRIDAY, SEPTEMBER 7, 1888.
OFF FOR ENGLAND.

Chief Ansoothkah, who has been engaged to lecture in England by the Colonial and Continental Church Society, on Tuesday morning to take the steamer for Montreal. On Sunday he was presented by the Sabbath School with the following address:

MOHAWK RESERVE.
1st. SEPT. 1888.
To Chief Ansoothkah.
DEAR CHIEF:—We the pupils of Christ Church Sunday School cannot bid you farewell without asking you to convey to our people in England the words spoken by us our warmest thanks for their valuable gifts to us in this distant land. We feel that your influence and words spoken have led strangers to think well of us. Tell them that we value their substantial friendship and shall try to be worthy of the confidence of our teachers to deserve the continuance of their Christian love.

You were once a scholar in this school and now a credit to it. Your example should and we hope will encourage us to improve the privileges we enjoy as pupils and that we go out into the world and influence for good and words spoken may carry weight. We now bid you farewell and pray that your friends may be pleased, the work you are engaged in may prosper and that you may return to the Mohawk with renewed strength to resume your duties as a teacher amongst us.

We remain
Your Faithful Friends,
Ninety Pupils of Christ Church Sunday School, Tyendinaga.

On Monday afternoon, a large farewell party was given in honor of the Chief at the Mohawk's of the Bay of Quinte, Canada. The party was given in honor of the Chief at the Mohawk's of the Bay of Quinte, Canada. The party was given in honor of the Chief at the Mohawk's of the Bay of Quinte, Canada.

Chief Ansoothkah, who has been engaged to lecture in England by the Colonial and Continental Church Society, on Tuesday morning to take the steamer for Montreal. On Sunday he was presented by the Sabbath School with the following address:

MELROSE.
From Our Own Correspondent.
Mrs. Helen Kinnear, of South Farmington, Mich., is visiting friends in this vicinity. Mrs. Buckminster, of Watertown, N. Y., is visiting after her father's, Mr. Jos. Simpson.

Miss Mattie Davis, of Belleville, spent a few days last week as the guest of Miss C. Darnell.
Miss Jennie McFarlane, who was a successful candidate at the recent examinations for Third Class certificates, left last Monday for Malaga to attend the model school session.

Mr. Robt. Kinlock, who for the past year has been travelling through the States, is again in this vicinity. He reports having had a most enjoyable and profitable trip. Malerial fever is quite prevalent in this section.

Mr. Harry Hampton, who for about a year has been engaged in the dry goods and grocery business in this village, removed last week to Marlborough where he will continue to keep a first class general store.

From Our Own Correspondent.
The grand picnic as announced came off last week. A large number attended and the weather was all that could be desired. The various games and sports were well contested and afforded an amusement to the spectators. Dinner and tea were supplied on the grounds and as usual the ladies were catered to the hungry crowd of little wonder was realized and the ladies had charge of money successfully attacked the gentlemen's purses.

Mr. John C. Hanley has returned home from his trip to Manitoba and Dakota. He was much pleased with the country and found his health improving and enjoying life in their western homes.

Mr. James McCullough, Mr. Timothy Murphy, Mr. Keough, of Napanee, returned from Dakota on Sunday morning.
Mr. John Meagher has left for Ottawa College.

A beautiful monument has just been erected in the Catholic Cemetery, Mayville by Miss Doyle in memory of her father the late Michael Doyle. It is a single shaft of Aberdeen gray granite surmounted by a cross of the same material standing on a pedestal. On the front of the base the name of his daughter Sarah Elizabeth Doyle who departed this life Oct. 4th, 1886. The monument was specially imported from Scotland by Mr. Keough, of Napanee, and is carved in large letters and on the front is an inscription carved to the memory of the late Mr. Doyle and his wife. On the east side there is an inscription to the memory of his daughter Sarah Elizabeth Doyle who departed this life Oct. 4th, 1886. The monument was specially imported from Scotland by Mr. Keough, of Napanee, and is carved in large letters and on the front is an inscription carved to the memory of the late Mr. Doyle and his wife.

Mr. Daniel Griffin met with an accident while working last week and had a nervous escape. He was caught in a belt and fortunately the belt came off or the consequences might have been serious. His arm was considerably hurt but no bones were broken.

The many friends of Mr. William Mitchell McCullough will regret to learn that he has been seriously ill with fever for the last two weeks. He was very low last week but we are glad to learn that he is now much better and it is to be hoped may speedily be restored to usual health.

The different cheese factories in this neighborhood have sold and shipped their July cheese.
A large number of buyers are purchasing cattle for Montreal and the west. The prices offered are a little better.
A large number from this neighborhood attended the Grand Picnic at Read last week.

A large acreage of fall wheat and rye has been sown.
The late rains have considerably improved the pastures. We had frost here on Saturday and Sunday nights.
Thomas Doyle, Stewart Fallock and William Winters passed their promotion examination in the school.
Miss Taylor's new teacher has our school in good working order and is much liked by parents and pupils.

Wonderful Bargains!
8,000 WORTH OF New and Fashionable DRY GOODS

We have the Largest Stock and Most Extraordinary Bargains in SHIRTS and DRAWERS, CAIDIGAN JACKETS and MEN'S FURNISHINGS that has ever been offered in this town. Come early, Come often and bring your purchases.

KERR & WIMS.
St. George Street, Deseronto.

No Universal Remedy
has yet been discovered; but, as at least four-fifths of human diseases have their source in Impure Blood, a medicine which restores that fluid from a depraved to a healthy condition, cannot but be produced. Ayer's Sarsaparilla affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine.

Boils and Carbuncles, which defy ordinary treatment, yield to Ayer's Sarsaparilla after a comparatively brief trial.
Mr. C. K. Murray, of Charlottetown, N.S., writes that for years he was afflicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncles disappeared, and for six years he has not had even a pimple.

That insidious disease, Scrofula, is the fruitful cause of innumerable complaints. Consumption being only one of many equally fatal. Eruptions, skin eruptions, glandular swellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples, eruptions, and unsightly blotches, which arise from impure blood, showing the need of Ayer's Sarsaparilla to remedy the evil.

All sufferers from blood disorders should give Ayer's Sarsaparilla a fair trial. It is a blood purifier, cleanses the system, and especially cheap and worthless compounds, which not only fail to effect a cure, but frequently aggravate and confirm the diseases they are fraudulently advertised to remedy.

Ayer's Sarsaparilla,
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists. Price, 50c; six bottles, \$2.

1888. SPRING. 1888
New and Seasonable Goods
are being shown in every department at THE BIG STORE.

We are now offering special inducements in SPRING AND SUMMER DRESS GOODS. Many lines which we are showing cannot be got elsewhere, as we have imported them direct and in advance of the Wholesale Dealers, upon whom most retail merchants depend for their stock. Many novelties will be found in the FANCY GOODS DEPARTMENT. As everything new is added to our stock. When you want anything in this line come direct to THE BIG STORE. STAPLE DRY GOODS, SHEETINGS, SHIRTINGS, COTTONADES, WHITE AND GREY COTTONS, DUCKS etc.

We are in a position to sell at a lower price than any other house in the trade.
THE TAILORING DEPARTMENT.
A very complete line of ENGLISH and SCOTCH TWEEDS are kept, and being bought from manufacturers all middle handling is avoided, and the cost of our pattern is largely diminished. All the operations of the work are conducted under Mr. STODART'S close and practical supervision.
BOOTS AND SHOES.—It is almost marvelous to contemplate the magnitude which this branch of our Store has attained. All who buy their foot-wear from us can rely upon getting Boots, Shoes, etc., of the highest standard of excellence and at the lowest prices considering the quality.
Groceries and Provisions.—This Department is so well known that it cannot be overpraised. A large section of the surrounding country as well as nearly all the inhabitants of the village seek their supplies at The Big Store, and the demand though large, has been amply provided for. Our Stock was never so complete as it is now and is sold to the satisfaction of our customers with many thanks for their orders with much certainty on their being promptly and satisfactorily filled.
Your patronage is respectfully solicited.

With low deep tone
Ye answer when we kneel beside our dead
Who hark and answer
That solemn sound upon the silence shad!

Voices of power,
We list to you as to a living voice
In sorrow's hour
Or in the seasons when our souls rejoice!

Your echoes first
Through the great woods and o'er the sea
Crest, and every note
Speaks to our hearts of gladness or of woe!

The recent naval manoeuvres of England show that the "chief naval use" of the country is a largely increased number of cruisers, and that the prime factor in modern naval warfare is speed.

READ.

From Our Own Correspondent.
The measurement of the Doyle Monument to which we alluded last week we had not at hand at the time of writing. The monument stands 12 feet 6 inches high, the main shaft being 6 feet surmounted with a granite cross. The die and base are in suitable proportions all polished, the lowest base being 3 feet by three. The granite is what is known as Aberdeen dark gray and beautifully polished. The surrounding public readily recognized the superiority of this class of work. Mr. Vincent Koubler of Nanawau, who had charge of the work, has done it in an excellent manner securing up his well known reputation. Any person wanting work of this nature will find Mr. Koubler a most reliable man.

MILLTOWN.

From Our Own Correspondent.
Mr. Ashley Weiss, who has been very ill of typhoid fever, is now considered out of danger, though for a time his friends thought he was near.

Mr. Joseph Penick is enjoying a couple of weeks in Chicago.

Miss Frankie Jacobson, of Belleville, is visiting her friends, Miss Lizzie Penick.

Miss Ella Pagan started to Model school in Madoc, last week.

Mr. and Mrs. T. D. Appleby spent last Sunday in Belleville, at his brother's, L. A. Appleby.

Mrs. Andrew Embury is again prostrated and her death is hourly expected.

Messrs. John and Thomas Emmison finished picking their trees for apples, which they report the crop extra good.

Mrs. N. S. Appleby returned to Belleville last week.

Miss De Motte Appleby was visiting friends in Belleville last week.

Mrs. R. F. Pagan spent a few days last week with her sister, Mrs. Caracallan, of Belleville.

LONSDALE.

From Our Own Correspondent.
Our village has again been called to mourn the loss of one of its number in the person of Miss May D., the youngest and last daughter of Mr. Benjamin Haight, who died on Sunday, the 9th inst., aged 15 years, 6 months, and 9 days. The funeral took place on the following Tuesday at 10 a.m., attended by a large gathering of sympathizing friends. The services were very ably conducted by the Rev. Mr. Sanderson, of this place, who took for his text a part of the 34th verse of the 5th chapter of St. Mark, "The damsel is not dead, but sleepeth," after which her mortal remains were laid to rest in the Lonsdale cemetery beside loved ones who had passed a little before. Mr. Haight is now left with but one son and an aged and helpless father, having lost in less than two years his companion and four daughters by various diseases, one consumption. A short time before her death she called her friends and friends to her bedside, telling them she would soon be with Jesus and soon passed calmly away. Mr. Haight has the heartfelt sympathy of his numerous acquaintances in his very severe bereavement.

BETHEL.

From Our Own Correspondent.
We have all finished hop-picking. Owing to the very fine weather and nice hops they soon finished the job. The next thing in order is selling their crop. The prospect seems good for a rather low price.

Mr. Geo. M. Gorallie has gone to the States with a large drove of cattle and sheep, and will bring home a few more.

Mr. John Crawford is home from the North West. He is greatly taken with that country and passed a good deal of time out here and going there to live.

Mrs. Hitchcock and daughter, of Wisconsin, are visiting her brother, Mr. Sam. Gardner, and other friends in the country.

Mr. Richard Robinson has been awarded the contract for carrying the mail from the corner to Bethel P. O.

Miss Lucine Wade, of Tyndinaga Reserve, has been on a visit and has returned home.

Miss Minnie Parks, of Rochester, N. Y., has returned home.

S. J. Crawford cut his knee on the repair knives, but think he will soon be around again.

Mr. McQuade's new house looks very much improved since its new coat of paint.

KINGSFORD.

From Our Own Correspondent.
Mr. McKane, of Chicago, is visiting her relatives here.

Mrs. Balton, of Winnipeg, accompanied by her daughter, is visiting her sister, Mrs. Robert Sagan.

Mrs. William Mitchell McCullough is now much better and was able to be around during the week.

The Rev. J. W. Forster and Mrs. Forster were visiting several of their friends in this neighborhood last week. The Reverend gentleman held service in St. Jude's Church on Thursday evening when a large congregation attended.

The Rev. Mr. Tremaine, assistant to the Rev. Stanton, of Deseronto, held service in St. Jude's Church on Sunday. It is expected that arrangements will be made to have regular service here. There will be service on Sunday next.

On the 22nd August, at Deloraine, Manitoba, Miss Mary Summers of this place was married to Mr. L. J. Shaw, of Deloraine.

Letters have been received from Mr. Gordon from Winnipeg where he has been visiting his daughters, Mrs. Dalmeida and Mrs. Pettit. He intended visiting friends in Carleton Place and other points, and expected to return next week.

Letters have also been received from Mr. John McCullough and Mr. Allan from Winnipeg where they daily arrived with their horses in good condition. After finishing their business they intend visiting friends at different points and see the country.

Mrs. Daly left for Campbellford on Thursday to attend the wedding of her daughter Kate.

The late frosts did much injury around this section. Corn, buckwheat, garden and peas are all suffering. We have fine bright warm days and the farmers are busy ploughing.

Several of our people are attending the Provincial Fair at Kingston.

Floods are causing great damage in Italy and the Tyrol.

Sharp frosts occurred in Dakota and Manitoba Tuesday night.

TYNDINAGA RESERVE

From Our Own Correspondent.
Miss Kate Marcella acquitted herself creditably as organist in the absence from illness of Miss Anderson on Sunday last at Christ Church.

Miss Johnson, who has been spending a few days at Mr. C. Marcella's, returned to her home in Buffalo on Monday.

A general council was held on Wednesday, the 12th inst., to consider among other things the granting of a sum of money for rebuilding the bridge at the mouth of Mud Creek.

Sucker Creek bridge is being repaired by the county council.

According to reports from the Kingston Gazette he has let the chief of the Kiskaquash Medicine Company and is making money rapidly selling his wonderful remedy Indian Oil, in Wallingford, state of Connecticut.

Several tenants, owing to high rents and continual bad crops are about to resign their leases, some to give up farming others merely changing their lots in hopes of securing better and surer harvests.

Mr. William N. Martin's lot.

The Rathbun Bros. have completed a substantial coat on Hunt's shore for the landing their new ferry boat. It will now be a question of law whether having a license from the Sphenberg council the owners of the Albany can prevent the old trial boat Prince Edward from running from the Mohawk side of the Bay.

Archibald Grayson leaves on Friday to resume his medical studies at Toronto.

The Misses Belque, of Beauharnois, Province of Quebec, are guests at the Mansion.

DESERONTO MARKET.

Mr. Editor.
DEAR SIR:—Your suggestion to open the market to the grocers at 9 a.m. is a very serious one for the people of this village and one I hope the council will not adopt.

When I get on the market till 10 a.m. lately, at that hour there has always been a great crowd of customers, therefore, I think it would be a great injustice to allow the grocers to rush in before the crowd gets supplied. Too bad, Mr. Editor, you can't realize these things as a.

BENEDICT.

AUBURN LETTER.

Editor Tribune.—I am reminded weekly by the arrival of THE TRIBUNE, of my little town and its inhabitants, and can note by the paper the growing prosperity of your village, an improvement which is established in your journal, I believe, has largely given to it, for nothing promotes growth more than the knowledge of its progress. We are much influenced by the success of our friends, the example of others imperceptibly helps to mould our own ideas and on these points we are indebted to the newspaper for the spread of information which is of great value to us in reaching healthy public sentiment.

In my communication I am quite disposed to run into this train of thought. My mind is carried back to the time before you had this potent factor to aid you in your progress, and I am glad to find that you can better perceive your advantage than we can appreciate it ourselves. The suggestion of making some of the beautiful spots on the Bay of Quinte as a summer resort, would with a little enterprise seem quite a feasible one, for the natural advantages of scenery of land and water appears to possess every thing needed, desired for such an object.

The idea of summer migration has with us Americans become such an established thing, that it is difficult to find means to do limited to induce it. Persons of contracted incomes who would not spend in pleasure for other purposes regard country migration as a desirable point of view and as a desirable variation in the monotony of life. In this connection I am reminded of our poor prisoners on whom some compassionate friends have been kind enough to send some improper legislation they are consigned to their cells to pass their time wholly unemployed. Twelve hundred in our Auburn prison are held in close idleness with only about a half an hour for daily exercise. Competition with outside labor is the responsible cause of this undesirable state of things. About two hundred find employment in duties connected with the institution these constitute the favored few for occupation for mind or body is a great blessing. By the liberality of our government our city is to be graced with a very handsome building for public purposes. The sum of a hundred and fifty thousand was appropriated for its construction with this imposing ceremonies was held the 4th of this present month; another adornment to our city is thus anticipated by the gift of ground of Secretary Seward to our little Park (all Auburn possesses) is to be extended and the citizens will soon have placed in position a fine strong statue of their distinguished townsman the late Secretary Seward. The statue is already completed. Preserving the memory of those who have performed distinguished service for their race has its two fold advantage; it not only stimulates individual ambition in this direction, it is a pleasure in beautifying the spot and will be a joy for coming generations. It would be a noble thing for Deseronto to do if they could commemorate in this way the usefulness of the founder of the village by such an adornment in their little Park.

DON 1

Let that of yours run on, You think it's a light of yours. But it will run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself. The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, chest and lungs, can be delightfully and easily cured by the use of Boschee's German Syrup. If you doubt this already, thousands and thousands of people who have been cured by it, and "know how it is themselves." Bottle only 70 cents. Ask any druggist.

If you could see your own scalp through an ordinary magnifying glass, you would be amazed at the amount of dust, dandruff, and dead scales thereon accumulated. The best and most popular preparation for cleansing the scalp is Ayer's Hair Vigor.

Gent. Harrison, the Republican candidate, has issued his letter of acceptance of the nomination tendered by his party. His tariff will be the great issue between the two great parties.

Forty-eight new cases was the yellow fever record at Jacksonville on Tuesday.

KERR & WIMS.

St. GEORGE STREET, DESERONTO.

Luxuriant Hair

Can only be preserved by keeping the scalp clean, cool, and free from dandruff, and the body in a healthful condition. The great popularity of Ayer's Hair Vigor is due to the fact that it cleanses the scalp, promotes the growth of the hair, prevents it from falling out, and gives it that soft and silky gloss so essential to perfect beauty.

Fredrick Hardy, of Roxbury, Mass., a gentleman fifty years of age, was fast losing his hair, and what remained was falling out. After trying various dressings with no effect, he commenced the use of Ayer's Hair Vigor. "It stopped the falling out," he writes; "and, to my great surprise, converted my white hair (without staining the scalp) to the same shade of brown it had when I was 25 years of age."

Ten Years Younger.

Mrs. Mary Montgomery, of Boston, writes: "For years, I was compelled to wear a dress cap to conceal a bald spot on the crown of my head; but now I gladly lay the cap aside, for your Hair Vigor is bringing out a new growth. I could hardly trust my senses when I too strongly urged that none of these things is, and I am delighted. I took ten years younger."

A similar result attended the use of Ayer's Hair Vigor by Mrs. O. O. Prescott, of Charlestown, Mass., Miss Jessie H. Bellows, of Burlington, Vt., Mrs. J. Barton, of Bangor, Me., and numerous others.

The loss of hair may be owing to impurity of the blood or derangement of the stomach and bowels, which cases, a course of Ayer's Sarsaparilla, or of Ayer's Pills, in connection with the Vigor, may be necessary to give health and tone to all the functions of the body. At the same time, it cannot be too strongly urged that none of these remedies can do much good without a persevering trial and strict attention to cleanly and temperate habits.

Ayer's Hair Vigor,
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by Druggists and Perfumers.

FOR FALL AND WINTER GOODS

GHEAPSIDE IS HEADQUARTERS AS USUAL.

Many cases of new goods opened up this week of exceptionally good style and value. Costume Melons in two shades of grey, navy, brown, and myrtle at \$1.00 and 121 cents a yard, and "you will travel fast and far" before you find their equal for the money.

All Wool Cashmeres in all the new shades of color with trimmings to match. Black Cashmeres, especially imported, single and double wrap, jet blacks and blue checks, value unapproachable.

Job Line of colored Satin Rhadamis worth \$1 for 65 cents. Black Silks that "beat the world for the money".

Mantle Plaques and Broche Silks and Velvets. Richer goods than ever shown here before and from 75 cents to \$3 per yard less price.

Grey Flannels at 15, 20, 25 and 30 cents. Winces at 8, 9, 10 and 12 1/2 cents.

Encouraged by our sales last year we have gone extensively into ladies' and children's Ready-Made Jackets, Wraps, Dolmans and Ulsters this season. We have imported them from Germany, whose tailor-made garments have attained a world-wide reputation for fine fit and finish. Our assortment is just now opened up and the prices are much lower than you can buy the cloth and have them made up for, beside the matchless advantage of perfect fit, finish, style and "general get out".

CHILDREN'S AND MISSES' ULSTERS to fit all ages from one year to "sweet sixteen".

READY-MADE GARMENTS for men and boys was also a successful venture for us last year. This year this department will be enlarged and you may depend upon the good made. We are able to offer in men's and boy's Underclothing for Fall and Winter, Fancy Wool Goods, etc., just want to speak to you about our

MILLINERY GOODS.

MISS O'CONNOR has returned and our Millinery Goods are all in, opened up and marked. The assortment is simply grand, the colorings and style of goods this season are very rich and attractive. Miss O'Conor has been happy in her selections and has been so busy taking orders since her return that we have had no time to arrange about an opening. We hope to be able to announce it next week. Miss O'Conor has by her great ability, as well as her quiet, unassuming manner and calm, honorable dealings with her patrons, rapidly won her way to the head. We can confidently recommend her to all our customers; buying your Millinery from her means buying it always.

ROBES ! ROBES !

Cold nights and frosty make heavy. Lap Robes imperative. We have just got in our winter supply of Grey and Black Robes. By buying early we have got the best possible selection and at lowest prices that will be later in the season. While others are squealing about their business falling off, we are happy to say ours is increasing. We served 402 more customers in August this year than in August last year.

HENCH & CO. NAPANEE.

Canada Life Assurance Co.,

ESTABLISHED 1847.

HEAD OFFICE, HAMILTON, ONT.

Capital and Funds nearly \$10,000,000. Annual Income nearly \$1,800,000.

Managing Director, A. G. RAMSAY.

Secretary, R. HILLS. Superintendent, ALEX. RAMSAY. SOMETHING ABOUT PROFITS.

EXAMPLE I.

1850. Here is another, taken out five years later, viz: in 1855. Policy 499—\$2,000. Premium, \$78.67.

Yearly Cash Profits, \$187.97. Deduct Yearly Premium, 78.67. Leaves Net Yearly Payment to Policyholder, \$109.30.

In 1850 a gentleman living not 100 miles from Montreal, took out this Policy on the ordinary Life plan, applying his profits to the permanent reduction of his premiums. The profits had gradually reduced the annual premium until it had diminished in 1875 to \$13.87.

In 1880—payment of Premiums had altogether ceased.

Not only this, but he was thereupon free in receipt of an annual income from the profits of \$35.20.

In 1885 this income was increased to \$109.30 per annum (as above), and in 1890 this will be again largely increased, the income growing at every division of profits until the Policy becomes a claim.

MEMO.—In the cases above quoted, as in all others where the profits are taken in this way, the profits of each division are added to those previously declared and are paid annuities to the holder, until the Policy becomes a claim.

THE RATHBUN COMPANY, AGENTS AT DESERONTO.

Lardine Machine Oil.

FARMERS, THRESHERS AND MECHANICS

Will save money by using Lardine. No gum, no grit, and will wear out Lard or Castor Oil.

Manufactured by McCOLL BROS., Toronto

IN SCHOOL DAYS.

John O. Whittier.

Still sits the school house by the road, A rugged brazier sunning.

Arched at eaves the sunnys grow, And blackberry vines are running.

Within the master's desk is seen, Deep scarred by raps official:

The warping floor, the battered seats, The jack-knife's cap in a niche.

The charcoal frescoes on the wall, Its worn door-sill betraying

The feet that, creeping slow to school, Went storming out to playing.

Long years ago a winter sun Shone over it at setting

Lit up its western window panes And low waves of its fretting.

It touched the tangled, golden curls, And brown eyes full of grieving

Of one who still her steps delayed, When all the school was leaving.

For near her stood the little boy For childish fancy singled;

His only playmate in the place, Where white and shame were mingled.

Pundling with restless feet the snow To the right and left he lingered,

As restlessly her steps delayed, Her blue-checked apron flung.

He saw her lift her eyes; he felt The soft hand's light caressing,

And heard the trembling of her voice, As if a fault confessing.

Am sorry that I split the word; I hate to go above you, friend,

"Because," you say, "I love you," Still memory to the gray-haired man

This sweet child-life is showing: Her lips, the grass on her grave

Harvest years are being growing, He lived to learn, in life's hard school,

How few who pass above him Lament their triumphs and his loss

Take her—because they love him.

FORTUNES IN FROGS.

Any man who has a pond on his farm

Can try the experiment of raising his own frog, says the Boston Journal.

First, let him buy six pairs of fine New Jersey breeders and dump them into the water.

With this for a starter, you may select a quantity of domestic bachelors, and then you will have the nucleus of a fortune.

Don't interfere with your water investment for a year, any more than to keep your growing stock well supplied with food.

They require an abundance, but as they are not very dainty in their diet, the expense accounts will be light.

See a young frog see barrels a day of hotel-tablet keep will keep the frogs in splendid shape, so that at the end of two months you can begin marketing all that you can lay out at the same price as spring chickens.

Give me the time and facilities, and I will warrant that at the end of two years I will be living on an income of \$5,000 and my frogs will pay all my expenses.

ROBINSON CRUSOE'S ISLAND.

Great ear, says W. E. Curtis, in his recent book on Spanish-American capitals, has been taken to preserve the relics of Alexander Selkirk's stay upon the island.

And he came and he remained just as he left them. In 1868 the officers of the British-maid-of-war Topaz erected a marble tablet to mark the place where Selkirk was born.

Crusoe, like the ancient mariner, used to watch for a sail, "and yet no sail from day to day." The inscription reads: "In memory of Alexander Selkirk, a native of Glasgow, county of Fife, Scotland, who lived upon this island in complete solitude for four years and four months. He was landed here from the Glasgow packet ship, the Duke, privateer, on Feb. 23, 1700.

He died on March 2, 1722, at the age of forty-seven years. This tablet is erected upon Selkirk's lookout by Commodore Powell and the officers of H. B. M. S. Topaz, A. D. 1868. No other person was ever seen here. Selkirk was not a very good sailor and sticks as relics of the place. There is a very fine sort of wood peculiar to the island which makes beautiful canoes, as it has a grain and polish well.

WHAT AMERICANS DRINK.

Acting Commissioner of Internal Revenue Henderson has prepared a statement of the per capita consumption of whiskey, beer, etc., at the present day, as compared with the consumption per capita 47 years ago, before the enactment of the internal revenue laws imposing a tax on the same.

It shows that the consumption per capita during the year ended June 30, 1850 was as follows: Distilled spirits, 2.61 per gallon; wine, 0.23 per gallon; malt liquor, 1.30 per gallon; making a total of all wines and liquors of 4.17 gallons. Since then there has been a steady diminution in the per capita consumption of distilled spirits and corresponding increase in the consumption of malt liquors. The per capita consumption during the year ended June 30, 1887, was as follows: Distilled spirits, 1.19 gallons; wine, 0.54 gallons; malt liquor, 11.95 gallons; making a total of 13.68 gallons.

DO A I. Let that cold of yours run on. You think it a light thing. But it may run into catarrh, or late pneumonia, or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is deadly. The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, hoarseness, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it and know how it is themselves." Bottle only 75 cents. Ask any druggist.

REMARKABLE LONGEVITY.

A rare example of longevity in a single family has recently been witnessed here.

Mrs. Allison, widow of the late Joseph B. Allison, and mother of the Allison family of Adolphustown, lately received a visit from three of her sisters, and the combined ages of the four sisters give 321 years.

Dividing the time equally between the four would give an average age of 80 years, 4 months and 25 days each. The names and residences of the four ladies are as follows:—Mary, wife of the late Jos. B. Allison, of Adolphustown; Margaret, wife of the late Edward Sullivan of West Middlebury, Vt.; wife of the late Rev. C. R. Allison of Pictou; and Mrs. Van Patton, of Pictou—all of them widows except the last. They were the daughters of the late Henry Hovey who was one of the first settlers of Adolphustown, and who endured great privations and sufferings from loyalty to the British cause.

At the age of 12 he was taken prisoner, and was chained to an old man, and was kept until the old man died eighteen months afterward, when he was exchanged as a prisoner of war, and was attached to the command known as Butler's rangers.

He was subsequently captured as a prisoner for the second time, but though all his sufferings remained loyal and true to the British flag. He was one of the only survivors of a large family and the question may be raised, whether among any of the families of the old settlers a similar example may be found of such remarkable longevity combined with rare mental and physical vigor, for among them all there is scarcely anything that would indicate the approach of second childhood. They were all married in early life, and with one exception, became the mothers of very large families. They are now among the most prominent and prosperous of the citizens of our fair Dominion.

Adolphustown, Sept. 1888.

NEWS OF THE DAY.

Another dynamiter has been captured in Chicago.

The Austrian explorer Holub believes that Stanley is safe.

Twenty-eight persons were drowned by the floods in the Tyrol.

Floods have done an immense amount of damage in North Carolina.

The Germans in Samoa have a considerable rebellion to deal with.

The yellow fever seems to have gained a foothold in Tennessee.

John Dillon has been released from prison on account of ill-health on Sunday.

Fifty Germans, suspected of being spies, have been expelled from France.

Mr. Justice Monro, of the Court of Queen's Bench, Montreal, has resigned.

George Q. Cannon, the noted Mormon apostle, has returned from Salt Lake City, Utah.

The freshet in North Carolina has caused damage to the amount of \$1,000,000.

Another attempt is being made to acquire the Canadian railway in England.

Col. Adam Koulik, a veteran of 1812, died at his home near Beausoleil on Sunday.

A Bavarian tailor named Troppmann has been expelled from Switzerland as an Anarchist.

Capt. Becker started from Brussels yesterday on an exploring expedition to the Congo.

French gunboats will proceed to the west coast of Africa to pursue vessels engaged in the slave trade.

Mr. Tupper, leader of the Quebec Local Opposition, has been appointed a judge of the Supreme Court.

A German named Ludwig has been arrested on suspicion of being the White-chapel murderer.

The Frontenac Conservatives have nominated Warden Smith as their candidate for the Legislature.

It is now supposed that Capt. Vangelo was the "white poison" whose presence was reported in the Bahre-Gazal Province.

Charles A. Percy went down the Niagara from above Suspension Bridge to Lewiston, on Saturday, but had a very narrow escape.

Premier Greenway, of Manitoba, in an interview in The Globe, estimates the damage done to Manitoba crops at not more than twenty per cent, probably less.

A large number of workmen were partially asphyxiated in the Hoosier tunnel on Saturday by coal gas from a locomotive, and many of them had narrow escapes.

Senator Sherman addressed the Senate in support of his motion regarding the relations between the States and Canada, taking strong ground against the Retaliation Bill and in favor of closer relations between the two countries.

It is very generally feared in London that Stanley has been killed, and that Tipu Tib was the cause of Major Bartollet's death. Capt. Vangelo, however, disputes both assertions, and the fact that he left the Congo only recently should give weight to his opinion.

WHAT AM I TO DO?

The symptoms of Biliousness are unpleasant in the stomach and bowels. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater.

Too frequently, also, he has an excellent appetite for his dinner, but at the end of a morning, his tongue will hardly bear in his mouth at any time; if it is not white and thick, it is rough, at all events.

The digestive system is wholly out of order and Diarrhoea or Constipation may be a symptom or the two may alternate. There is also a general feeling of uneasiness and restlessness, and a tendency to nervousness.

There may be giddiness and often headache and acidity or flatulence and tenderness in the bowels, but none for a long time. It is no effort to cure Tipu Green's August Flower. It costs but a trifle and thousands attest its efficacy.

OUR CEMETERY.

IT IS GRATIFYING ON all hands in this enlightened age to see the provision that is made in the shape of residences and comforts for the "living," and yet, after all, the highest and holiest pleasures can be obtained in showing respect and attention for "our dead." The "living" to-day may, and will, in a few years, be counted with the latter, and among the silent occupants of our "silent cemetery." But this thought need not cause some who perhaps are indifferent about others to become interested in a personal motive.

In April last the Deseronto Cemetery Company was formed with the following officers:—

President, Mr. E. W. Rathbun; Secretary-Treasurer, Mr. T. H. Nassim; Board of Directors: Messrs William Irvine, William Jamieson, Dr. S. A. Sprague, J. M. Oliver, Richard Rayburn, A. A. Richardson, George Simpson.

A very fine portion of land adjoining the village, embracing nearly thirty acres, was purchased, an architect engaged, Superintendent appointed, and the work vigorously commenced. The first grave was dug, and who have since then been steadily at work according to plans prepared and submitted, and which are now being drawn up in accordance with all the modern ideas of Cemetery Architecture. The proximity of the Cemetery to the village obviates the expense of carriage, and it enables parties attending funerals to walk instead of driving, as has been the case before and it might be a commendable move for our friends to have been gradually to complete the side walk right down to the Cemetery gate. The County authorities some time ago were asked to improve the road adjoining the Cemetery, but, so far, we have not been able to learn what response was made to the appeal. From a general outline of the grounds, we have been gradually assuming a picturesque shape. A new lodge is under way with the prospect of its early completion. Plans for a handsome and commodious house are now being prepared and a contract let for its immediate construction, so that before winter comes in, what was in the mind of the founders, will be a well as an attractive place of resort as well as a beautiful resting place for our departed friends.

As may be imagined this has not been brought about without an immense expenditure both of time and money. The directors have labored faithfully, and now, with the above evidences of their intentions, they earnestly ask all who can and should do so to contribute to the cause, and thus to the continuance of this work by procuring lots or otherwise contributing.

The sizes of the lots have been made 22 feet square, or nearly so, and by not allowing smaller divisions it was thought that the symmetry of the grounds could be better preserved. Mr. Leavelle has been carrying on at least four times that of Belleville and other cemeteries, the prices do not exceed the latter, and are graded according to location, and are as follows:—\$20, \$40, \$60, \$80, \$100, \$120, \$140, \$160, \$180, \$200, \$220, \$240, \$260, \$280, \$300, \$320, \$340, \$360, \$380, \$400, \$420, \$440, \$460, \$480, \$500, \$520, \$540, \$560, \$580, \$600, \$620, \$640, \$660, \$680, \$700, \$720, \$740, \$760, \$780, \$800, \$820, \$840, \$860, \$880, \$900, \$920, \$940, \$960, \$980, \$1000.

all the proceeds from the sale of lots have to be, according to law, applied on the improvements to the place, and in fact such is the only revenue to be had for carrying on the work, so the importance of selling lots cannot be over-estimated.

The Deseronto Cemetery may be seen at the office of Messrs. Egar, Aylworth, or THE TRIBUNE, and all information necessary will be cheerfully furnished by the Superintendent, Mr. Leavelle, or by Mr. T. H. Nassim, Secy., or by any of the directors.

To any who have not been down to inspect the grounds and verify the truth of our remarks we would say by all means

ACROSS THE CONTINENT.

RISEING CITIES BY THE WAYSIDE.

Chicopee of the Rocky Mountains—Indian and Chinese—Mining and Farming—A Panoramic View.

We were seven as we assembled in Toronto on a fine day in July to start for Vancouver and back again. The party's main intent was recreation, but we were with us an enthusiastic mountaineer, Mr. Hon. David A. Wells, with a keen eye for the resources of the country we were to visit, and a young man, Mr. J. H. Macdonald, who was to be the eyes and ears of the party, and to select among the opportunities he was soon to see, a home and business.

After a drive through the fine streets of Toronto, past its noble University and the foundations of the new Houses of Parliament, we took the train for Queen's Park, 125 miles off. Here we embarked on the S.S. "Alberta," one of the three vessels built on the Clyde in 1904, divided in two in Montreal, sent to Lake Huron and there riveted together again. The "Alberta" and her sister steamships are exquisitely clean and most comfortable. They afford a break of two days in the through the St. Lawrence. Our steamer's fine promenade deck and her comfortable cabins were the "Misses Brown" and other dainties, and the "Vanderbilt" tramp steamer led off by a crew of a dozen men, and the fine steamer "Buffalo" half way to Fort Arthur. The "Alberta" passed through the Strait of St. Lawrence, and the "Misses Brown" and other dainties, and the "Vanderbilt" tramp steamer led off by a crew of a dozen men, and the fine steamer "Buffalo" half way to Fort Arthur.

SAULT STE. MARIE
Is a bright little town, which claims to have the largest population in the world. It is a vast water power may make it a manufacturing centre of some importance. The Sault Ste. Marie was soon steaming fast through Lake Superior. The scenery was a beautiful sight. The water was a deep blue, and the mountains were a deep green. The water was a deep blue, and the mountains were a deep green. The water was a deep blue, and the mountains were a deep green.

Fort Arthur is a small town, but it is a very important one. It is the only town on the coast of Lake Superior. It is the only town on the coast of Lake Superior. It is the only town on the coast of Lake Superior. It is the only town on the coast of Lake Superior. It is the only town on the coast of Lake Superior.
